FREE CONFERENCE: TECHNOLOGY TO SUPPORT SPECIAL AND INCLUSIVE EDUCATION

3rd August 2024
10:00 am - 4:00 pm
(1:00pm - 2:00pm for lunch)

Technology is increasingly being used in classrooms around the world. This conference will focus on the use of technology to support the needs of students with disabilities in special education and in inclusive environments. New and emerging technologies, such as AI (artificial intelligence) and VR (virtual reality) will be introduced, along with other mainstream technologies that can be used for mobility, cognition and perception.
